Profile

Coding Languages / frameworks C# / .NET Python / PyTorch / LangChain SQL / PostgreSQL TypeScript / React / HTML / CSS Git / Markdown

Languages

Danish, native English, fluent Spanish, beginner German, beginner

Additional qualifications

- Chairman of the student council for 250 students at Gymnastikhøjskolen i Ollerup. I greatly improved efficiency over previous years by prioritizing the delegation of responsibilities to small taskgroups.
- 4-month army enlistment on Bornholm. This taught me to teamwork effectively even under stressful conditions. I am now continuing my training in the Danish Home Guard.
- Experience performing music as guitarist and front singer - this has helped me get over a fear of public speaking.
- Cultural insight from solobackpacking many times across Europe. I like working with international and diverse groups of people.
- Great joke-teller according to my programming students!

Education

BSc Artificial Intelligence and Data student, Technical University of Denmark September 2023 - current

- GPA: 11.1 / 12
- Taking extended courses in **Algorithms** and **Data Structures**
- 6th-place finisher in DM in AI 2024 under team name Powered by SmartFridge

Experience

Mission Control Developer, Danish Student Association for Rockery September 2024 - current

- Implementing unit testing and logging in a large C# codebase
